THURSDAY.....DEC. 4, 1873

## Jupiter Pluvius.

A plenteous harvest and a fruitful year! The rain, the beautiful, beneficial rain is falling, and the grangers great gathering will probably be held at Los Nietos to-day, under the kindly auspices of their best friend, Jupiter Pluvius. Yesterday afternoon about three o'clock, the second rain of the season began. Every indication is given that we may expect an abundant harvest throughout the whole of Southern California. To-day's rain, should it continue, will spoil the pleasure of the San Diegans at the races (if the clouds extend so far), and will mar the out door festivities of the grangers; nevertheless, it is a joyous healthy fall, and the thirsty earth seeks it in and the dusty orange leaves lift up their heads and all nature promises shortly to rejoice in a lively garment of dewy green.

A GOOD share of the news telegraphed as to Cuban affairs is sensational. There are two parties in New York and Washington constantly engaged in manufacturing excitement. One is composed of those interested in Cuban bonds, and the other of those who favor a war for Cuban annexation. There is another class who would like to see war, because of the opportunity to acquire wealth, and glory. It is said these classes are busy among the Congressmen, as the latter arrive, endeavoring to persuade them that the country is terribly excited, and that a speedy declaration of war ought to follow the assembling of Congress.

IT is not strange in these critical times that mercantile establishments conducted on purely worldly principles, should be harassed with financial difficulties, but that a heavenly institution should come to grief is startling. Nevertheless, Zion's Cooperative Association of Salt Lake is in trouble, with liabilities of a million, and all Brigham's special revelations do not seem to make up for a lack of funds.

GEN. Sherman reports that the army only lacks 400 men of numbering the full 30,000 allowed by law, but that owing to absence, sickness, details, etc., the effective force is only about 9,000, and asks Congress to authorize an increase. It occurs to us that a state of discipline that makes less than one man in three available, stands in need of improvement, before it is allowed more material to work on.

ALEXANDER H. STEPHENS, of Georgia, says: "I am for Cuba immediately, if not sooner." He thinks a movement to take Cuba would result in good feeling between North and South.

HARDENBERG'S resignation has been accepted by the President, to take effect on the appointment of a successor.

THE KANSAS PACIFIC RAILROAD defaulted yesterday in the payment of the December interests on \$4,000,000 bonds.

## Correspondence.

EDITOR HERALD: On the 19th of November I had the honor of organizing Westminster Grange, with full charter list of thirty members. This makes the fifteenth Grange in this county. On the 25th following, I organized Riverside Grange, with twenty-eight charter members. This makes seventeen Granges in the District composed of Los Angeles and San Bernardino counties. Please add Westminster Grange to your Grange directory. The following are the officers of the new Granges.

### WESTMINSTER GRANGE.

Master, E. J. Brown; Overseer, W. R. Burrell; Lecturer, J. W. North; Steward, C. E. Packard; Assistant Steward, J. G. North; Chaplain, G. D. Carlton; Treasurer, G. H. Cliff; Secretary, W. W. Kimball; Gate Keeper, T. L. Abel; Ceres, Mrs. Ann S. North; Pomona, Mrs. Mary F. Garcelon; Flora, Miss S. C. Brown; Lady Assistant Steward, Mrs. M. A. Russell; THOS. A. CAREY, Deputy.

## The Mutual Aid.

Yesterday was issued the first number of a new monthly paper styled "The Mutual Aid." It is edited by Mr. L. M. Holt, the genial and talented secretary of the Southern Mutual Aid Association. The typography was executed in the HERALD job rooms, and of its appearance we are not ashamed. Let it speak for itself in regard to its purposes:

We to-day present to the public, the first issue of the Mutual Aid. It will be issued hereafter on the first of each month. The object of its publication is to make the public acquainted with the system of mutual protection, that enables persons to secure all the advantages of life insurance without being subjected to the extortions rates charged by the high-priced Life Insurance companies. This system is a substitute for life insurance, but not life insurance itself. This Association makes provisions for dependent families and others in case of death, on the same principle that Odd Fellows and other secret Orders make provisions for their members in case of sickness.

The State Grange of Iowa employs six general deputies, whose entire business is to visit Granges, instruct them in the unwritten word, and see that members get the full benefit arising from their membership. Such a system is sadly needed in California.

## Mammoth Growths.

The resources of Los Angeles county are but just being developed. Wherever land can be irrigated there vegetation springs forth, probably more rapidly than in any other portion of the United States. On a recent tour of the county during which time we visited nearly every neighborhood, and were brought into direct contact with farmers every day, we noted many instances where vegetation had produced almost marvelous results—some of which we give below.

In the Compton settlement, along the San Gabriel river, from El Monte to the College, in the Gospel Swamp settlement, and in other localities we saw corn which would produce a hundred and fifty bushels to the acre; most of the ears in some fields would be four or five feet above the reach of a tall man, and many stalks would be twenty feet in height. One hundred bushels to the acre was quite a common crop.

On the farm of J. J. Welch, who resides in Gospel Swamp, we found a beet that weighed two hundred and thirty pounds. In the front yard of Mr. Carter, who resides near the College—Los Nietos settlement—we saw a beet so large that we dare not estimate its size. We regret since leaving there that we did not measure its circumference.

At Mr. Layman's, in Gospel Swamp, we saw two pumpkins, one of which weighed 201 pounds, and the other 218. These two specimens grew within two rods of each other.

At one place, just west of Anaheim, we ate grapes from a vine that grew from a cutting put out last Spring.

Mr. Parker, who resides some two miles east of Anaheim, showed us a grape vine over eighteen feet in length, which grew from a cutting put out sixteen months previous.

On the ranch of B. D. Wilson, in the San Gabriel Valley, we saw a Cono orange tree, six years old next Spring from the seed, that had over fifty oranges; last year it produced over twenty.

On the ranch of Wm. D. Faris, at Florence, are to be seen acacia trees twenty feet high only eighteen months from the seed; these trees have grown without irrigation.

On another farm belonging to Mr. Faris, near Los Nietos, an Early June apple tree, gave one good crop of apples last June, and another crop of June apples in November. The blossoms for the second crop appeared on the tree after the first crop had been gathered.

This list might be extended almost indefinitely, but the instances cited are sufficient to show that where lands can be irrigated it is almost impossible to underestimate the productivity of Los Angeles soil. With few exceptions, irrigation is absolutely necessary, and the sooner farmers appreciate this fact the better for the county.—[Mutual Aid.]

One hundred and seventy-three Patrons of Traer, Tama county, Iowa, have formed a Patrons' Joint Stock Company, with a cash capital of \$20,000, in shares of \$10 each. No member can hold more than twenty shares. The business to be engaged in is the manufacture of agricultural implements.

There are now three lady Secretaries of Granges in California, viz.: Saratoga Grange, in Santa Clara county; Grayson Grange, Stanislaus county; and San Jose Grange, Santa Clara county. They make efficient and attentive officers.

The Executive Committee of the Iowa State Grange have decided to establish a large reaper and mower factory in Des Moines.

### WESTMINSTER GRANGE.

Master, M. B. Craig; Secretary, H. H. Stephens; Overseer, D. W. Lawton; Chaplain, G. Darstik; Lecturer, Robert Strong; Gate Keeper, Jessie Davis; Steward, John Anderson; Stewardess, Mrs. V. C. Anderson; Assistant Steward, Converse Howe; Ceres, Miss Patterson; Treasurer, J. D. Bowley; Pomona, Mrs. M. Edwards; Flowers, Mrs. Free Edwards.

### RIVERSIDE GRANGE.

Master, E. J. Brown; Overseer, W. R. Burrell; Lecturer, J. W. North; Steward, C. E. Packard; Assistant Steward, J. G. North; Chaplain, G. D. Carlton; Treasurer, G. H. Cliff; Secretary, W. W. Kimball; Gate Keeper, T. L. Abel; Ceres, Mrs. Ann S. North; Pomona, Mrs. Mary F. Garcelon; Flora, Miss S. C. Brown; Lady Assistant Steward, Mrs. M. A. Russell; THOS. A. CAREY, Deputy.

# Los Angeles Herald

THURSDAY, DECEMBER 4, 1873.

## CITY AND SUBURBS.

The Excursion Train leaves at 9:30 sharp.

The cloudy appearance is unfavorable to the Harvest Feast.

We note the arrival in Los Angeles of Chas. E. Huse, Esq., of Santa Barbara.

Four cars of iron, one of ties and four of lumber came up to-day from San Pedro.

Four teams left yesterday, two to San Bernardino for M. & Co., and L. Jacobs; one to Lone Pine for R. L. P.; and one to Cerro Gordo.

The Cienega school closed on last Friday, to resume again in January, under the supervision of Mr. S. A. Waldron, who has been retained at an increased salary.

Whilst the telegraph brings accounts of snow in San Francisco, a stormy day and blustering frosty weather, in Los Angeles we grumble because the thermometer only registers 50 degrees.

There are one hundred and twenty-two Granges in this State, of which fifteen are in Los Angeles county. These Granges are distributed throughout twenty-six, or the fifty-one counties.

Another Grange was organized at Westminster by Thos. A. Garey, County Deputy, on the 19th ult., with seventeen Charter members. This makes the fifteenth Grange in Los Angeles county.

Fisher's silver ware must be seen to be appreciated. His diamonds are not healthy for a kleptomaniac to look at. His gold chains are the heaviest in the State, and Fisher is the biggest jewel of them all.

There are on exhibition at Harris & Jacoby's, some very beautiful specimens of Japanese work. Two of the dresses cost in Japan \$140. There are also some curious knives and scimitars. All of these were brought from Japan by M. Willmott.

Harris & Jacoby announce a cost sale of their varied stock of goods this Christmas. They have one of those wonderful stores where you can purchase a blank mortgage form or two bits worth of matches; a pair of socks or an Havana cigar; in fact anything from a fine shirt to a family bible.

Blessed rain and still more blessed mud! Now is the time for the new Council brooms to sweep clean. Re-pairs to the main streets are wanted more than anything else. Sidewalks and crossings is the wall which a much enduring population sends up to heaven.

Mr. A. Shindler who was absent from Los Angeles about four months to visit Germany, returned yesterday on the steamer Mohongo. Mr. Shindler is an old member of the Turnverein Germania; always has taken an active part, and is doubtless his brother Turners will meet him back with three hearty "Gut Heils!"

Attention is called to the semi-weekly Local Market Report in today's issue. If not perfect this morning it will be very shortly, and form valuable price-list for country subscribers. Messrs. Newark & Co. have kindly consented to give us the bulk of the Sunday report, and Messrs. Hellman, Haas & Co., that of Thursday.

Amongst our eastern visitors who has been induced to come here and settle, is Mons. Willmott a Belgian gentleman who has traveled through Europe, China, Japan, the States, etc. He was so pleased with our climate and advantages that he at once proceeded to negotiate for fifty acres at Richland, and will depart to-morrow with wagons, horses and farming implements, to improve his trial investment. M. Willmott intends devoting his attention to the culture of tobacco, fruit, grain and vegetables.

New River School.

Last week closed a long and successful term in this district—Los Nietos.

With the exception of one month's vacation, the school has been constantly in session since the 30th of December last. Mr. Robert Furlong has creditably filled the position of teacher during this time, having been twice re-engaged, at an increased salary. The attendance has been regular and unusually large, seventy-six names of pupils appearing on the register.

It is to be hoped that the apportionment of school funds for the coming year will be sufficiently large to enable districts containing so many scholars to employ an assistant. As it now is many teachers in this country are necessitated to perform the labors usually allotted to two or even three teachers. This is to be regretted, as it is the principal reason why so many of our ablest educators abandon the profession of teaching. If assistants were employed in such schools, the cause of education would be materially advanced.

Mobile—Accident at Altoona—Billiard Match Between Garnier and C. Dion—Dr. Cheney a Bishop.

Toledo, Ohio, Dec. 3. The Peoria and Warsaw railroad has failed to take up coupons on \$1,850,000 of its first mortgage bonds.

A dispatch says Sam Bowles, of the Springfield Republican, has been sued for libel by Willis Phelps, a well known railroad builder whom the Republican spoke of as the Boss Tweed of Springfield; damages laid at \$200,000. The Republican office has been attacked and was last night in the hands of keepers.

Mobile, Dec. 3. At the municipal election yesterday the entire Democratic ticket is supposed to be elected by 200 to 300 majority. Last year the city went Republican by a majority of 2,000.

Altoona, Pa., Dec. 2. By a train colliding with the depot, to-day, a newsboy was killed, and several passengers slightly injured.

New York, Dec. 3. A billiard match for \$1,000 between Garnier and C. Dion, last night, was won by Garnier; score 600 to 430; winner's average 10.

The Reformed Episcopal church tendered to Rev. Dr. Cheney the position of Bishop of the West.

THE COURTS.

County Court—Y. SEPULVEDA, J. WEDNESDAY, December 3.

People vs. Manzano—Assault with intent to murder. Acquitted.

Probate Court—Y. SEPULVEDA, J. WEDNESDAY, December 3.

In the matter of the estate of Matthew Landre, deceased—Decree was filed that legal notice to creditors be given.

In the matter of the estate of Daniel M. Durrell, deceased—Order was filed appointing time for probate of will and directing publication of same.

In the matter of the estate of Hugh Gibson, deceased—Decemr 15th was set for probate will and issuance of letters to Mary Anna Gibson, wife of Hugh Gibson, and of legal notice of same to be published.

In the matter of the estate of John Gray, deceased—Concluded.

In the matter of the estate of W. J. McClellan—Decemr 2nd—Continued to November 29th.

District Court—WENDELL, J. WEDNESDAY, December 3.

Pleasanton vs. Rivas and Sanguiñetti—Second day—Hill on trial.

# Late Telegrams.

## PACIFIC COAST TELEGRAMS.

Exclusively to the Herald.

### SAN FRANCISCO.

SAN FRANCISCO, Dec. 3. Michael Mulcahy, generally known as Matilda Heron's "poor boy," but who is a full grown hoodlum, was arraigned in the Police Court to-day for assaulting an officer. Bernard with a knife and threatening to murder him. He was held to answer for assault.

It is snowing at Sacramento, Stockton, Modesto, Petaluma and other points in the interior.

Heavy rain falling, accompanied by a cold northeasterly wind.

A fire occurred this morning at the corner of Townsend and Fourth streets near the Central Pacific railroad depot, by which the dwelling house of W. P. Grace, Bode & Co's saloon and Peterson's restaurant were damaged to the extent of about \$2,000. The loss by the owners will probably reach \$3,000.

A dispatch from Suisun, Solano county, says the heaviest snowstorm ever known set in at seven o'clock and still continues to fall. It is about three inches deep.

Three inches of snow has fallen at Petaluma, and it is still snowing. Snow also at Vallejo, and as far down as Point Pablo, on the Bay. The hills west of the city, at the Mission here, are white with snow. Also a heavy fall of snow in the San Bruno mountains. Raining steadily here and very cold.

### SECOND DISPATCH.

Return of Col. Steinberg—Obsequies of Col. Robert Morrow—Belmont Mining Company Declares a Dividend—Small pox in the County Jail.

SAN FRANCISCO, Dec. 3. Colonel Steinberg returned to-day in the pilot boat Fanny, from his voyage of observation to Navigator Islands, and other groups in the Pacific. He will leave for Washington in a few days, when the results of his work will be made known.

The body of Colonel Robert Morrow, who killed himself Thanksgiving day, was taken from the embalmers to the army headquarters, this afternoon, under the escort of soldiers; it will be sent east to his friends in Tennessee to-morrow.

The Monitor Belmont Mining Company declares a dividend of fifty cents per share; \$25,000 payable next Friday.

Alexander Spear, a prisoner in the County Jail, was taken to the Small Poxy Hospital to-day, sick with the small pox. An inmate of the same cell shows symptoms of the disease.

### ANAHEIM.

Odd Fellows' Celebration—Speech by F. Ganahl—The Ball—The Rain.

ANAHEIM, Dec. 3.

Anaheim Lodge, No. 1999, I. O. O. F., dedicated their new Hall at this place to-day. There was a large assemblage of Odd Fellows from all parts of the county. The ceremonies were conducted by H. Wartenburg, G. M., assisted by the following members of the Grand Lodge: A. A. Wilson, D. G.; M. M. McKenzie; G. W. Zeyn, G. S.; T. T. Hayes, G. T.; J. Dalland, G. C.; Wm. Priddish, G. Chapman; S. Marshal; H. Fleishman, G. G. Chamberlain; Matthews, Robinson and S. Julian Meyer, Heralds. The ceremonies were concluded by an fine oration as ever it was the good fortune of the people of Anaheim to hear, by Prof. F. Ganahl.

In the evening there was a grand ball under the auspices of the Odd Fellows Building Association, given at Enterprise Hall, at which the beauty and talent of the county were represented.

Heavy rains have fallen for the last hour and a half.

### CILROY.

A Very Heavy Earthquake—More Rain, More Snow.

GILROY, Dec. 3. This morning about 8:30, it commenced snowing here, and continued for about an hour, when it changed to rain, which has fallen steadily ever since, and at times quite heavily.

About a quarter before 10 this forenoon, there occurred the hardest shock of earthquake known here since 1869; the vibrations were from southwest to northeast.

### SALINAS CITY.

Heavy Rain—Heavy Gale—Heavy Snow, Ten Feet Deep!

SALINAS CITY, Dec. 3.

It commenced raining this morning at 7 o'clock and has not ceased for one full day, and at 4:45 P. M. is pouring.

A heavy gale has been blowing incessantly, doing much damage to half erected houses, gardens, etc. Snow fell ten (?) feet in the valley, the first in 11 years.

### SANTA CLARA.

Heavy Rain and Snow Storm.

SANTA CLARA, Dec. 3.

A cold and heavy rain has been falling here steadily all day. About 8 o'clock this morning, we were visited by a snow storm, which lasted nearly an hour. It is something of an unusual occurrence; such a thing not having happened for many years.

### WATSONVILLE.

Watsonville, Dec. 3. Snow commenced to fall here to-day about 8 o'clock and continued till near 9:30 when it has been raining steadily and there is every indication now that it will continue throughout the night.

### SAN JOSE.

SAN JOSE, Dec. 3. It commenced raining early this morning and continued all day; over one inch of snow fell on our surrounding hills. Weather very cold.

### BAKERSFIELD.

Cold Weather—Snow—Prison Break.

BAKERSFIELD, Dec. 3.

The weather for the past twenty-four hours has been excessively cold and blustering. The Tehachapi and Fort Tejon mountains are covered with snow. At Fort Tejon, snow fell to the depth of three inches. This evening the mercury is standing at 28 degrees. Last night ice formed in this valley nearly an inch thick. About noon to-day rain commenced falling and continued at intervals during the afternoon and evening, and now at 8 P. M. the storm is still raging with the prospect of continuing through the night. It is reported that there was a fall of snow a short distance from town.

The Santa Barbara Press

An Independent Newspaper,

Devoted to the Interests of South-  
ern California.

J. A. JOHNSON, Editor and Proprietor.

AS THE CHARMING CHAR-  
ACTER of Southern California, and more  
especially that most interesting and enter-  
prising city of Santa Barbara, known to the world,  
it is not surprising that a widespread and  
growing interest in this region should be  
awakened. It is well known that the country  
furnishes perfectly reliable information on all  
points of interest to tourists, invalids and  
home-seekers, which we are now able to do  
with the greatest of facility, which can  
not be controverted, in the columns of the  
PRESS. Any intelligent person can become  
perfectly acquainted with all the State by reading  
the PRESS for a few months.

Terms of the Daily, per annum.....\$7.00

Terms of the Weekly, per annum.....5.00

Currency and Postage Money undertaken  
at par.

SPECIAL INQUIRIES.

All yearly subscribers to the WEEKLY  
PRESS will obtain, FREE, an Illustrated  
Number, and a copy of WOOD'S GUIDE to  
Santa Barbara, Town and County.

A WORD TO ADVERTISERS.

It is an admitted fact that the SANTA BAR-  
BARA PRESS is the leading journal in  
Southern California, and has a larger cir-  
culation than any other newspaper in that sec-  
tion, being more chiefly read by the most  
thrifty families, and hence its advantages to  
advertisers are obvious.
